LISTEN Award

The LISTEN team invites you to enter the LISTEN award with a story – fictional or real.

The story can be a memory, a self-created story, a fairytale, legend or myth. The idea of LISTEN is to promote intercultural storytelling with refugees and migrant as we believe that a story can build bridges and create mutual understanding between different cultures.

With your permission your story will become part of our LISTEN collection of (life) stories.

Please use this template for submitting your story. Before you fill in the form, you should have your story recorded as audio file (allowed formats are mp3, ogg and aac) so that you can upload it to the form.

If you have any questions please read our FAQ section and the information provided on the LISTEN website.

With participating in this competition you accept that we store, process and use your provided data for assessing the LISTEN Award.

It will take you approximately 10 minutes to fill-in this survey. There are 13 questions in this survey.
